September 13, 2017

Dear graduates and current eligible students,

The University of Iowa College of Nursing is pleased to offer the Clinical Nurse Leader (CNL) certification examination to graduates of the Advanced Generalist (CNL) program. The next examination will take place in the College of Nursing computer lab on ground floor on Tuesday November 28. Testing will begin promptly at 1:00 p.m. and last until 4 p.m. Registration deadline is October 27, 2017 for this testing date.

To sit for the examination you must apply. The application process may be accessed at the following link: http://ids.aacn.nche.edu/cnl/common/cnlHome.seam. You will also need to have the **Education Documentation Form** signed by me or Ellen Cram. It may be found at the following link: http://www.aacn.nche.edu/cnl/certification/app-documents. You may bring the form by my office or complete it and email it to me for completion. We will be sure the CNC receives your form. Please have this form to me no later than October 13, 2017 so we have time to submit it to AACN.

The examination is three hours in length and consists of multiple-choice questions similar to the NCLEX. Useful information and examination preparation resources can be found at the following link: http://www.aacn.nche.edu/cnl/publications-resources

On the day of the exam, please report to the Computer Lab at 12:45 p.m. to be checked into the examination room. Please bring a current valid picture identification (driver’s license with color photo and signature, valid passport or military identification card, or a city/county/state issued valid identification card).

Please contact me if you have any questions.

Sincerely,

M. Lindell Joseph, PhD, RN
