2018 Annual School Nurse Conference

October 11-12, 2018
Radisson Hotel and Conference Center
1220 1st Ave
Coralville, Iowa
The College of Nursing is pleased to announce that Dr. Susan Van Cleve will be joining us for the opening morning to share her expertise in pediatric mental health! Dr. Van Cleve is a Pediatric Nurse Practitioner who has extensive experience working with children and families in primary care settings as well as with children with special needs. She is the Director of the Pediatric Nurse Practitioner Primary Care program at the University of Iowa College of Nursing. She also works part time as a Pediatric Mental Health Specialist in a private pediatric practice in Pittsburgh, PA, where she provides comprehensive assessment and treatment to children and adolescents with developmental, behavioral, and mental health disorders.

We have another day and half of content ranging from hearing conservation, adolescent sexual behavior, emerging drug trends, trauma informed care, Please Pass the Love, FERPA, managing the medically difficult child and rounding out with training in an active shooter situation and the new Iowa Law from the Director and Deputy Director of Johnson County Homeland Security & Emergency Management Agency.

Please plan to stay and network with your colleagues immediately following the education on Thursday, October 11, outside the conference room! Wine, beer and appetizers provided and cash bar for mixed drinks.

Objectives

Upon completion of this offering the participant will be able to:

1. Identify symptoms of and comorbid conditions that occur with ADHD
2. Review psychopharmacologic and non-pharmacologic interventions that can be used for children with ADHD and comorbid conditions
3. Describe causes and triggers of anxiety and depression
4. Discuss evidence-based treatment for anxiety and depression
5. Identify signs of suicidality and how to manage children or teens who are suicidal
6. Review adolescent contraceptive method options including effectiveness, bleeding profiles and side effects
7. Describe the effects of loud sound and other environmental exposures on hearing, and understand potential risks to children exposed to excessive sound.

8. Discuss different approaches to educating children on the risk and prevention of hearing loss from excessive sound exposure.

9. Review adolescent contraceptive method options including effectiveness, bleeding profiles and side effects.

10. Discuss health data, school nurse initiatives, and new resources available to the school nurse.

11. Outline emerging drug trend information including specific drugs being abused as well as concealment techniques.

12. Discuss the concepts of the Link for Schools program and the development of the Link for School Nurses training.

13. Discuss basic mental health information, basic trauma-informed care and psychosomatic symptoms.

14. Demonstrate strategies for working with children, relationship-building, best practice for navigating mental health with families as well as community providers, and medication management.

15. Examine the state and federal laws that insure school safety, confidentiality, and accessibility for students with complex medical needs.

16. Discuss the roles and responsibilities of the school nurse when a 1:1 agency nurse accompanies a student to school.

17. Discuss the new Iowa Code signed into law that takes effect 7-1-2018 SF 2364—School Security.

18. Outline the Johnson County approach to training, exercises, planning and response to active shooter events in Johnson County and how some of our lessons learned could assist you in compliance with the new Iowa law.

19. Describe the current trauma care and stop the bleed programs underway throughout Johnson County and much of the Country.
Please note: In an effort to be more environmentally friendly, handouts will now be available online and will not be distributed at the conference. The handout link will be sent to you via email the week before the conference.
