Recruiting Associate Faculty Positions

The University of Iowa College of Nursing seeks applicants for Associate Faculty to begin in academic year 2015-2016. As a major research university, we are well positioned to support individuals who show promise for potential appointment to the tenure track. This appointment provides a period of engagement in teaching and research prior to formal application for a tenure track appointment as an assistant professor.

Recruitment priorities include the following areas of research expertise:

- Aging
- Child Health
- Effectiveness/Large Data Set Research
- Genomics/Metabolomics/Biomarkers
- Health Information Technology
- Health systems/implementation science
- Pain/symptom management
- Palliative Care

The UI College of Nursing has a long-standing tradition of producing nursing leaders for practice, education and research. For more than a century, College of Nursing graduates have achieved distinguished careers as scholars, educators, practitioners, and nurse executives. US News & World Report publishes America’s Best Graduate Schools 2014, a guidebook that ranks UI College of Nursing graduate programs among the finest in the nation (in comparison to all public and private schools), with both Gerontological/Geriatric Nursing and Nursing Service Administration (Health Systems) #2 in all public and private schools. At Iowa, we are committed to preparing future nurse leaders with the courage, creativity, and passion to use their skills and knowledge to improve the health of individuals and communities. We invite you to join our efforts to sustain and enhance excellence in academics and scholarship at Iowa.

Livability.com has named Iowa City #10 in best small to mid-sized cities in the United States. The home of the Hawkeyes proves to be a great place for writers, healthcare providers, and more. Iowa City has also been listed in the Top 10s for College Towns, Best Cities for Book Lovers, and Best Cities for Affordable Health Care. Both the city and the university offer a host of amenities appealing to all residents, from arts and cultural activities, outdoor recreation, top-notch medical facilities, and nightlife to economic development assets, such as research and development, continuing education, and workforce training.

Required Qualifications:

- Earned doctorate in nursing or a doctorate in a related field with a graduate degree in nursing from an accredited school of nursing.
- Beginning record of publications in scholarly journals.
- Ability to establish or maintain funded research programs.
- Eligible for or currently licensed to practice nursing in the State of Iowa.

Interested applicants should apply online at http://jobs.uiowa.edu under requisition #66163 including a cover letter outlining interest, research objectives and teaching experience; curriculum vitae, and
contact information of three references (to be contacted only with permission).

The University of Iowa is an equal opportunity/affirmative action employer. All qualified applicants are encouraged to apply and will receive consideration for employment free from discrimination on the basis of race, creed, color, national origin, age, sex, pregnancy, sexual orientation, gender identity, genetic information, religion, associational preference, status as a qualified individual with a disability, or status as a protected veteran.
