Recruiting Tenure Track Faculty Positions

The University of Iowa College of Nursing seeks applicants for open rank tenure-track or tenured faculty positions to begin in academic year 2015-2016. As a major research university, we are well positioned to support faculty candidates who have developing or strong research programs of study in our specific areas of excellence and who can effectively contribute to the teaching needs of the college.

Recruitment priorities include the following areas of research expertise:

- Aging
- Child Health
- Effectiveness/Large Data Set Research
- Genomics/Metabolomics/Biomarkers
- Health Information Technology
- Health Systems/Implementation Science
- Pain/Symptom Management
- Palliative Care

Distinguished Scholar in Advancing Science opportunities are available in Pain and Palliative Care, Health Systems, and Health Information Technology

The UI College of Nursing has a long-standing tradition of producing nursing leaders for practice, education and research. For more than a century, College of Nursing graduates have achieved distinguished careers as scholars, educators, practitioners, and nurse executives. US News & World Report publishes America's Best Graduate Schools 2014, a guidebook that ranks UI College of Nursing graduate programs among the finest in the nation (in comparison to all public and private schools), with both Gerontological/Geriatric Nursing and Nursing Service Administration (Health Systems) #2 in all public and private schools. At Iowa, we are committed to preparing future nurse leaders with the courage, creativity, and passion to use their skills and knowledge to improve the health of individuals and communities. We invite you to join our efforts to sustain and enhance excellence in academics and scholarship at Iowa.

Livability.com has named Iowa City #10 in best small to mid-sized cities in the United States. The home of the Hawkeyes proves to be a great place for writers, health care providers, and more. Both the city and the university offer a host of amenities appealing to all residents, from arts and cultural activities, outdoor recreation, top-notch medical facilities, and nightlife to economic development assets, such as research and development, continuing education, and workforce training.

Required Qualifications:

- Earned doctorate in nursing or a doctorate in a related field with a graduate degree in nursing from an accredited school of nursing
- Recognized record of accomplishment via publication in leading journals
- Ability to establish or maintain an extramurally-funded research program
- Eligible for or currently licensed to practice nursing in the state of Iowa

Interested applicants should apply online at http://jobs.uiowa.edu under requisition #65401, including a letter outlining interest, research objectives and teaching experience, curriculum vitae, and three references (to be contacted only with permission).
