1:00 pm  Breakout Sessions on Strategies Needed to Form an Action Coalition in Iowa to Implement 
  Recommendations from the IOM’s Future of Nursing Report (Rooms 1, 2, 3 & 4) 

Each Breakout Group Will Work on the Following Questions: 

1. Educational Preparation of the Nursing Workforce  
   a. What types of collaborative partnerships are needed in Iowa to support increasing the 
      proportion of nurses with the baccalaureate degree? 
   b. What resources can partners bring to the table? 
   c. Who are the key stakeholders who need to be involved? 
   d. What is a realistic goal and timeline for increasing the proportion of BSN prepared nurses in Iowa?
2. Transitioning Nurses to Practice and Lifelong Learning
   a. How do we build networks to facilitate transition of new graduates into practice across settings?
   b. What experiences do we have from which we can learn?
   c. How do we engage more healthcare organizations to support these transitions?
   d. How do we ensure that nurses engage in lifelong learning?

3. Other priority goals that need to be considered in the action coalition

4. What are the next steps to move forward as a statewide action coalition on these initiatives?
