The University of Iowa College of Nursing invites applications for the position of Director of Simulation and Interprofessional Education and Co-Director, Nursing Clinical Education. The Director of Simulation and Interprofessional Education is responsible for leading, planning, designing, implementing and evaluating simulation-based learning across the continuum from standardized patients through high-fidelity simulators. Primary responsibilities include developing faculty/staff educator competencies in simulations, enhancing student experiences through the use of simulation, and coordinating the daily activities of the faculty in the Nursing Clinical Education Center (NCEC). The Director works closely with the NCEC Manager and the Co-Director of the NCEC from the Department of Nursing (DON) at the University of Iowa Hospitals and Clinics (UIHC) to assure coordination and operation of the NCEC. This is a full-time, twelve-month faculty position with a distribution of effort across administration (45%) and teaching, research/scholarship, service or practice (55%) and commensurate with the faculty track.

With a national reputation for excellence, the University of Iowa’s College of Nursing is one of the premier institutions in the country for nursing education. The college’s innovative program incorporates in-depth didactic learning along with community and leadership practice experiences throughout the state of Iowa.

The College has a long-standing tradition of producing nurse leaders for practice, education and research. The College received national recognition by U.S. News & World Report, ranking four of its graduate programs among the best in the nation (in comparison to all public and private schools). At Iowa, we are committed to preparing future nurse leaders with the courage, creativity, and passion to use their skills and knowledge to improve the health of individuals and communities.

**Required Qualifications:**
- Earned doctorate in nursing or related field (PhD or DNP)
- Licensed Registered Nurse and eligible for licensure in the State of Iowa
- Record of excellence in teaching, mentoring, developing curriculum, assessment of adult learners, service and professional productivity
- Record of simulation-based education and training, evaluation of outcomes, patient safety, and implementation of innovative simulation-based education and training programs, or an equivalent combination of training and experience
- Demonstrated commitment to promoting a diverse workforce/academic environment

**Preferred Qualifications**
- Management and leadership experience
- Certified in Simulation Education
- Documented clinical experience in nursing at a healthcare setting (hospital/clinics)

Application materials include a letter describing relevant experiences and interests; current curriculum vitae; and contact information for three references (contacted only with permission).
