The University of Iowa College of Nursing seeks applicants with strong foundations in practice, teaching and scholarship. Faculty positions for undergraduate and graduate programs are available in all ranks of clinical track in the following nursing specializations:

- Acute Care Nurse Practitioner (ACNP)
- Adult-Gerontological Nurse Practitioners (AGNP)
- Adult Med Surg Nurses with strong physiology and pathology knowledge
- Family Nurse Practitioners (FNP)
- Psych-Mental Health Nurse Practitioners (PMHNP)

Areas of particular interest include teaching expertise in:

- Foundation/Fundamentals of Nursing
- Nursing interventions and teaching with active learning strategies including simulation (Undergraduate)
- Pathology (both Undergraduate and Graduate)
- Pharmacology (both Undergraduate and Graduate)

US News & World Report publishes America’s Best Graduate Schools 2014, a guidebook that ranks several UI College of Nursing graduate programs among the finest in the nation (in comparison to all public and private schools):

- No. 2 – Gerontological/Geriatric Nursing
- No. 2 – Nursing Service Administration (Health Systems)
- No. 11 – Nurse Anesthetist
- No. 11 – Master of Science in Nursing
- No. 12 – Pediatric Nurse Practitioner

The UI College of Nursing has a long-standing tradition of producing nursing leaders for practice, education and research. For more than a century, College of Nursing graduates have achieved distinguished careers as scholars, educators, practitioners, and nurse executives. At Iowa, we are committed to preparing future nurse leaders with the courage, creativity, and passion to use their skills and knowledge to improve the health of individuals and communities.

As a community of nurse scholars, we believe that an expert faculty with varied areas of expertise is required to carry out the educational mission of the College. Faculty are committed to designing and implementing curricula in which students develop critical thinking, decision-making skills, clinical judgment, cultural sensitivity, and professional nursing values in an increasingly complex health care system.

Applicants must:

- have an earned doctorate in nursing with national certification (when applicable) in specialty area
- have expertise and experience in clinical specialty area.
- be viewed as an expert with statewide and national recognition to be considered for Associate Professor and Professor ranks.
- be a licensed Registered Nurse and eligible for licensure in the State of Iowa

Applications should be submitted online at jobs.uiowa.edu under requisition #65403, including a letter outlining interest, scholarship objectives and teaching experience, curriculum vitae, and three references (to be contacted only with permission).
