GRANTS SUBMITTED

Ken Culp, “Field Intervention for Heat-Related Illness in Hispanic Farm Workers,” NIH R01.

Ruth Grossmann, “The Microbiome in Experimental Autoimmune Encephalomyelitis,” ICTS Team Science Pilot Grant.

Congratulations!

Congratulations to Amany Farag, whose recent article titled “Examining the Relationship Among Ambulatory Surgical Settings Work Environment, Nurses’ Characteristics, and Medication Errors Reporting” was awarded the 2016 Mary Hanna Memorial Journalism Award by the Journal of PeriAnesthesia Nursing. Her paper was chosen among articles published in 2015 by a panel of perianesthesia nurses and independent reviewers from other specialties who vetted articles for “journalistic style, originality, clarity of expression, relevance of content to the specialty, and overall contribution to the collection of published nursing knowledge.” Way to go, Amany!

Congratulations to Jacinda Bunch whose poster “Rapid Response Systems: Evaluation of Program Context, Mechanism, and Outcome Factors in a Community Hospital” was judged as one of the top three posters by faculty/staff at the 4th Annual Quality Improvement and Patient Safety Symposium. Her co-authors are Patricia Groves, Jill Scott-Cawiezell and Yelena Perkhounkova. A record 76 posters were presented at the symposium this year and this is a great achievement. Congratulations, everyone!

CON Research Day + Informatics Showcase (April 26)

Please mark your calendars: April 25-26 are the CON-UIHC Nursing Research Day poster sessions! Posters will be on display in the UIHC Fountain Lobby on Monday, April 25 and in the CON Well Area on Tuesday, April 26 from 10 to 3 PM each day.

We will also hold our CON Informatics Showcase on April 26 from 12-1 PM in 133 CNB. Hosted by Drs. Todd Papke and Ann Marie McCarthy, this event is part of the two-week campus-wide Informatics Showcase and will introduce the campus to current CON research using health information technology and informatics. Read more about it here: http://informatics.uiowa.edu/informaticsuiowa/informatics-showcase-2016

CON Research Forum: April 12, 2016

The next Research Forum and Lunch of 2016 will take place on Tuesday, April 12, 2016 in 133 CNB. For the 11 AM talk, Dr. Matthew Witry will present on “Addressing Medication Non-adherence.” Dr. Witry is an Assistant Professor at the University of Iowa’s College of Pharmacy. His research focuses on the medication monitoring and patient-pharmacists interactions in community pharmacy practice. His current research focuses understanding pharmacist role perceptions in the refill process, including perspectives and approaches to improving medication adherence. He also is interested in using technology to obtain information from patients about their medication use experiences and integrating the data into community pharmacy workflows.

For the noon Research Lunch, we are pleased to have Lori Flanigan, Project Manager from the eHealth+ eNovation Center here to present on new telehealth initiatives being funded by a new grant from the USDA. This grant addresses rural healthcare challenges through a $1 million equipment-only grant and will provide internal equipment for providers offering telemedicine services at 42 family medicine clinics, 15 skilled nursing facilities and 8 Child Health Specialty Clinics. Come learn more about these projects!

The complete Research Forum schedule for 2015-2016 is available here: http://nursing.uiowa.edu/research/events

To access recordings of past research events, please visit: http://nursing.uiowa.edu/research/past-forums

Lunch is provided and CEU’s are available (.12 CEUs for each presentation, for a total of .24 per month). All are invited to attend!

New: Publication Spotlight - Ann Marie McCarthy

Just a reminder that our monthly Publication Spotlight focuses on recent publications (dated 2015 or 2016) by 5-6 CON faculty each month. Faculty are showcased at random and searches of Scopus, PubMed and CINAHL will be used to locate recent publications. Faculty are not required to send us anything, but if you have a new publication that is not yet indexed, please feel free to forward the reference to Linda Hand (linda-hand@uiowa.edu). At the end of each update will be a list of faculty whose work will be shared in the following month’s spotlight.

In the spotlight for April 2016: Howard Butcher, Amany Farag, Diane Huber and Lindell Joseph.

Please continue to the following page for this month’s featured publications!
