Welcome back! – Ann Marie McCarthy

We hope that everyone had a relaxing and productive summer! We are excited to welcome new faculty, students and staff to the College and look forward to meeting you.

For our new and returning colleagues, please come visit us in the Office for Nursing Research and Scholarship (ONRS). Our office facilitates research and scholarship at the College of Nursing. The ONRS acts as a liaison between College of Nursing faculty, students and staff and research opportunities within and outside the university. The ONRS also supports our colleagues at the University of Iowa Hospitals and Clinics (UIHC) Department of Nursing in their research endeavors. Below is a snapshot of the ONRS. For more information, visit: http://nursing.uiowa.edu/research/onr/who-we-are

Some quick facts about the ONRS:

- The terms of the joint sponsorship of the ONRS by the CON and the UIHC Department of Nursing were outlined in a 1989 Memorandum of Understanding that was signed by Drs. Geraldine Felton, Sally Mathis, and Toni Tripp-Reimer.
- All grants submitted from the CON or that include a CON faculty member as an Investigator must come through the ONRS. This ensures that all university regulations are followed and protects PI’s and project team members by ensuring that salary information is correct and is adequate to fund the work.
- Please do not sign contracts (e.g., Confidential or Non-Disclosure Agreements--CDAs or NDAs) without contacting the ONRS! Only a handful of individuals at the UI are Authorized Organization Representatives (AORs) who can sign on behalf of the UI. You can continue to sign your own authorship agreements for manuscripts.
- Although our primary ONRS team is listed below, as a result of TIER changes, two tasks formerly done in the ONRS are now being performed by two awesome staff outside of the ONRS: Molly James is the new contact for reviewing and printing posters. Bill Donahue is the new contact for formatting and preparing manuscripts for publication. Linda Curran provided excellent training to Molly and Bill before being recruited to the CON University Shared Services team along with Lucie Hulse. We look forward to working with all of them in these new roles!
2016-2017 Research Forum & Lunch – Linda Hand

We are excited to present the Research Forum and Lunch schedule for 2016-2017! This monthly event is organized by the ONRS and takes place on the second Tuesday of each month from 11-1 PM in 133 CNB. Lunch is provided and CEU’s are available (.12 CEUs for each presentation, for a total of .24 per month). Everyone is invited to attend!

This year, our presentations are organized around the theme of Health Information Technology. This topic capitalizes on the recent renewal of our NIH training grant on Pain and Associated Symptoms: Nurse Research Training (PI’s Keela Herr and Ann Marie McCarthy), which aims to provide pre and post-doctoral research training to prepare a cadre of nurse scholars to conduct pain nursing research. The focus of the 5-year renewal period (2016-2021) will be to prepare nurses to conduct research on pain and associated symptoms, supported by best practices for use of health information technology (HIT) and translating pain research.

We have lined up the following speakers for Fall 2016. Stay tuned for the rest of the schedule at http://nursing.uiowa.edu/research/events. To access recordings of past research events, please visit: http://nursing.uiowa.edu/research/past-forums

CON Publication Spotlight – August 2016

Our monthly Publication Spotlight focuses on recent publications (dated 2015 or 2016) by 5-6 CON faculty each month. Faculty are showcased at random and searches of Scopus, PubMed and CINAHL are used to locate recent publications. Faculty are not required to send us anything, but if you have a new publication that is not yet indexed, please feel free to forward the reference to Linda Hand. At the end of each update will be a list of faculty whose work will be shared in the next month’s spotlight. In the spotlight for Aug 2016: Keela Herr, Barbara Rakel, Melissa Lehan-Mackin, Stephanie Gilbertson-White, and Richard Bogue. Continue to the next page for this month’s publications!
