GRANTS SUBMITTED

Lioness Ayres (PI: Scott Stuart), “Pragmatic Strategies for Assessing and Enhancing High Fidelity Delivery of Interpersonal Psychotherapy (IPT) in Community Practice,” NIH R01.

Cormac O’Sullivan, “Validation and Implementation of Scales to Predict Risk for Hospital Acquired Pressure Injuries in Surgical Patients,” CON-UIHC Nursing Research and EBP pilot grant.

Stephanie Stewart, “The Experience of Parents During Their Child’s Resuscitation,” American Nurses Foundation grant.

Pamela Terrill, “Human Trafficking Awareness for Multidisciplinary Teams,” Iowa Department of Justice.

Congratulations!

Congratulations to Jan Foote, Kirsten Hanrahan, Pam Mulder, Anne Bye, Amelia Fleming, Maria Hein, Yelena Perkhounkova, Nicole Bohr, and Ann Marie McCarthy whose poster titled “Development and Psychometric Testing of the Neonatal Growth Measurement Survey (NGMS)” was awarded the 2016 Marita Titler Research Poster Award at the 23rd National Evidence-Based Practice Conference. Their poster reported on the development and validity and reliability testing of the NGMS, which is an instrument for measuring nurses’ knowledge, attitudes, and practices for neonatal growth measurement. Great work, team!

Congratulations to Pam Terrill whose proposal titled “Multi-Disciplinary Trainings Re: Human Trafficking Victims,” has been selected for funding by the Iowa Attorney General’s Office, Victim Services Support Program. This project addresses the problem that human sex trafficking victims in Iowa are not being properly identified. Pam is collaborating with her team at the Johnson County Sexual Assault Response and Training (JCSART) as well as area Law Enforcement officers to increase the rate of recognizing this group of victims, provide enhanced services to victims, and hold offenders accountable. The grant will fund the provision of multi-disciplinary training regarding human sex trafficking for multiple area LE agencies, RVAP, Youth service organizations, SANEs, medical staff, Department of Human Services, domestic violence staff, advocates, and County Attorneys. Way to go, Pam!

2016 CON Grantsmanship Workshop: June 14-17

Please join us for our annual grants workshop that will take place from Tuesday, June 14 to Friday, June 17. We’ve lined up a wonderful schedule, including presentations by two visitors to the CON. Dr. Cornelia Beck, Professor, Co-Director of the University of Arkansas for Medical Sciences Hartford Center for Geriatric Nursing Excellence, will present on “Conceptual Frameworks.” Dr. Mary Blegen, Adjunct Professor, College of Nursing, University of Colorado at Denver, and Professor Emerita, Dept. of Community Health Systems, UC San Francisco, will present on “Writing Grants to AHRQ.”

The complete schedule for the week is available here: http://www.nursing.uiowa.edu/sites/default/files/documents/research/Grantsmanship_Workshop_Schedule.pdf

Morning sessions are open to the public and will take place in 133 CNB. Please stop by!

Links to recordings of the presentations will be made available here: http://nursing.uiowa.edu/research/past-forums
**ONRS QUICK LINKS**

**Developing a Proposal:**

**When should I use REDCap or Qualtrics?**

- When you are determining which data entry systems to use for a project, please consider meeting with the ONRS during the early planning stages. We can help you with planning your data entry forms and data entry options, including how to design a database for your study. Although REDCap and Qualtrics provide some overlapping functions (e.g., it is possible to create a survey in both), there are times when it is advantageous to use one vs. the other:
  - **REDCap:** This stands for Research Electronic Data Capture. REDCap can be used to create databases and online surveys. REDCap fields can include constraints to reduce the data cleaning needed on the back end. Online surveys can include email triggers to send out the next survey based on criteria that you choose, as well as automated survey reminders. REDCap is preferable when you are collecting data longitudinally for the same user (i.e., adding data cumulatively for the same user over time). REDCap is considered to be HIPAA compliant, and is recommended if you are collecting any sensitive information. However, formatting is less customizable.
  - **Qualtrics:** This is primarily a survey platform (similar to Survey Monkey but is site-licensed by UI). It has many options for customizing question types and look and feel and may be a better option for one time surveys that are longer or more complex. However, it is not a database, so it is not as easy to add data after the first wave of collection is complete. Also, note Qualtrics is not considered to be HIPAA compliant.

**CON Research Forum for 2016-17: Linda Hand**

Thanks to everyone for attending our Research Forum and Lunch series this year! We had an outstanding lineup of speakers from within the CON as well as visitors from other colleges on campus. Please help us to continue to bring you speakers on topics of interest to you by sending us your ideas for speakers and content for 2016-2017.

If you missed any of our events this year, please remember to check our Past Recordings Page: [http://nursing.uiowa.edu/research/past-forums](http://nursing.uiowa.edu/research/past-forums) This page contains links to presentations dating back to September 2010 on a variety of topics. It also contains links to presentations given at our annual Grants Workshop and at other special events like our April 2016 Informatics Showcase. Please check it out!

**CON Publication Spotlight – June 2016**

Our monthly Publication Spotlight focuses on recent publications (dated 2015 or 2016) by 5-6 CON faculty each month. Faculty are showcased at random and searches of Scopus, PubMed and CINAHL are used to locate recent publications. **Faculty are not required to send us anything**, but if you have a new publication that is not yet indexed, please feel free to forward the reference to Linda Hand ([linda-hand@uiowa.edu](mailto:linda-hand@uiowa.edu)). At the end of each update will be a list of faculty whose work will be shared in the following month’s spotlight. **In the spotlight for June 2016: Ann Marie McCarthy, Ken Culp and Sue Moorhead.** Please continue to the following page for this month’s featured publications!
ONRS Publication Spotlight for June 2016

Note: Names of CON students (or former students) are underlined.

**COMING NEXT MONTH:** Faculty to be featured in the July 2016 ONRS Update:

Liz Swanson, Jo Eland, Sandra Daack-Hirsch, Barbara St. Marie, Ellen Cramp, and Todd Ingram
