GRANTS SUBMITTED

Patricia Groves, “Using simulation to test the impact of patient safety priming on nursing safety-oriented behavior,” (co-Investigators: Jacinda Bunch, Thomas Vaughn, Paul Windschitl, Elena Perkhounkova), National Council of State Boards of Nursing Center for Regulatory Excellence Grant.

Larry Newman, “Nurse Practitioner Led Primary Care in a Geriatric/Special Needs Dental Clinic,” (with Harold Cowen, Dentistry). Delta Dental Large Mini Grant Program.

Congratulations to Sandy Ramey, whose proposal to the U.S. Department of Justice was just funded! Her project is titled “Development and Validation of a Resilience Curriculum at the Academy (City of Milwaukee)” and seeks to address the problems related to job-related stress disorders in police officers by enhancing police officer resilience to stress. Specifically, the purpose of this funded project is to “pilot a project with fall 2016 and spring 2017 recruit classes at the Milwaukee Police Department (MPD) Academy to: 1) teach and evaluate a resilience training curriculum; 2) build organizational capacity at the Academy through mentorship, 3) collect and analyze psychological and physiological measures data pre and post intervention and 4) conduct focus groups to glean the perspectives and acceptance of the intervention by recruits.”

Sandy is partnering with the Milwaukee Police Department and the project team includes Yelena Perkhounkova (statistician) and Maria Hein (data manager). Congratulations to Sandy and her team!

Congratulations to Jan Foote, Kirsten Hanrhanan, Pamela Mulder, Anne Bye, Amelia Fleming, Maria Hein, Yelena Perkhounkova, Nicole Bohr, and Ann Marie McCarthy whose poster titled “Development and Psychometric Testing of the Neonatal Growth Measurement Survey” was awarded the 2016 Conduct of Research Poster Award for Nursing Recognition Day. This is a wonderful recognition of work conducted in partnership by UIHC nurses and CON faculty and staff. Congratulations, everyone!

Congratulations to Lisa Segre and Becky Chuffo-Siewert who learned this month that their proposal to the Iowa Department of Public Health (IDPH) is being funded! As many of you know, Lisa’s research focuses on Listening Visits (LV), a strategy for treating maternal depression. Lisa and Becky are partnering with the IDPH to provide LV workshops in order to train staff to deliver LV. The contract will 1) provide two LV trainings and 2) train experienced LV providers in Maternal Health agencies to provide the simulation training that is part of the LV curriculum. It is exciting to see this work being translated statewide. Congratulations, Lisa and Becky!

CON Publication Spotlight – October 2016

Our monthly Publication Spotlight focuses on recent publications (dated 2015 or 2016) by 5-6 CON faculty each month. Faculty are showcased at random and searches of Scopus, PubMed and CINAHL are used to locate recent publications. Faculty are not required to send us anything, but if you have a new publication that is not yet indexed, please feel free to forward the reference to Linda Hand. At the end of each update will be a list of faculty whose work will be shared in the next month’s spotlight.

In the spotlight for October 2016: Lioness Ayres, Kitty Buckwalter, Sue Gardner, Patricia Groves, Janette Taylor, and Anita Stineman. Hard copies are now being posted on the 4th floor on our new “Like it? Take it!” bulletin boards. We hope this will be a fun way for everyone to read about and catch up on each other’s current projects.

Note: Names of CON students (or former students) are underlined.
