NAPNAP IOWA 2021 CONFERENCE

FRIDAY, OCTOBER 22, 2021 (VIRTUAL)

STATEMENT OF PURPOSE

NAPNAP Iowa is pleased to host the NAPNAP Iowa 2021 Conference after a year away! The conference will feature a variety of topics designed to enhance your professional practice; COVID vaccinations, COVID-19 and child abuse and neglect, traumatic brain injury, antibiotic prescriptions in pediatrics, psychopharm, and full practice authority update. Please plan to join us for a full virtual day of education!

OBJECTIVES

Upon completion of this offering participants should be able to:

- Review the current state of COVID-19 epidemiology including new variants
- Clarify current understanding of the impact COVID-19 disease is having on children and adolescents
- Discuss next steps for vaccinations, including the state of future pediatric vaccines
- Describe the process by which Iowa obtained full practice authority
- Describe the role of our lobbyist in our journey to full practice authority
- Identify unique pathophysiological features of traumatic brain injuries in infants and small children.
- Describe current evidence-based practice guidelines for managing a traumatic brain injury in infants and children.
- Discuss the limitations of TBI guidelines and how to individualize management based on patient presentation and progression.
- Describe child abuse categories and prevalence
- Recognize red flags for child abuse and neglect
- Discuss the effects the pandemic has had on children and families
- Reviewing the top 10 diagnoses in pediatric patients
- Outline common bacterial pathogens in pediatrics
- Discuss current nationally published guidelines for antibiotics treatment
- Describe common pitfalls in antibiotic prescribing practices in pediatric patients
- Discuss natural history and epidemiology of Hemolytic Uremic Syndrome (HUS) in the Midwest
- Review pathogenesis/pathophysiology of HUS
- Discuss outpatient evaluation and management of patient with HUS diagnosis
- Discuss inpatient evaluation and management of patient with HUS diagnosis
- Discuss the reassessment and diagnosis of mental disorders most common in pediatrics
- Review updates in treatment approaches and challenges associated with these disorders
- Review challenges with pediatric psychiatry along with pearls for practice
