

Critical Care Nursing Experience

A minimum of one year of full-time ICU experience at application time is required. Please list your experience below. If more room is needed, you may continue on a separate sheet.

Critical Care (ICU) Experience

Employer	Critical Care Unit / Specialty	Dates of Employment	Experience (Months)

Total months of full-time critical care experience as of June 1 application deadline:

Statistics

Applicants are required to demonstrate satisfactory course completion with a letter grade of a C or better for an upper-level Statistics course. Upper level is defined as a junior/senior-level course. Community college or junior college courses are not upper-level.

Required Course	Completion date (semester/yr)	Institution Name/Location	Course Number	Course Title	Course Letter Grade (on 4.0 scale)
Statistics					

Science Background Courses

Applicants should demonstrate ability through satisfactory completion with a letter grade of C or better in the courses listed below. Please indicate if any repeated course were completed. All courses need to be completed at the junior college or university level. Please calculate your basic science grade point average and report semester credits for each course. If applicable convert any quarter credit hours to semester credits (quarter credits x 0.66 = semester credits).

Required Course	Completion date (semester/yr)	Institution Name/Location	Course Number	Course Title	Course quarter credits (if applicable)	Course Semester Credits	Course Letter Grade (on 4.0 scale)
