

Tenure Track Faculty Positions

The University of Iowa (UI) College of Nursing seeks applicants for open rank **tenure-track or tenured faculty positions**. As a major research university, we are well positioned to support faculty candidates who have developing or strong programs of research in our specific areas and who can effectively contribute to the teaching needs of the college.

Signature areas of research in the College of Nursing align with our three Centers of Excellence and include gerontology; health systems, technology, and informatics; and multimorbidity, pain, and symptom science. Cross cutting approaches and developing areas of strength include applied genomics/omics/biomarkers, palliative care, vulnerable populations and community engagement. **Applications will be considered in all areas and across populations, with priority for population health, epidemiology, child and women's health, psychiatric/mental health, and informatics emphases.** Candidates from various cultural backgrounds are highly encouraged to apply.

Please see [College of Nursing](#) faculty opportunities for more details.

As a leader in nursing education, research, and practice innovations, the [UI College of Nursing](#) has received national recognition by U.S. News & World Report ranking six of its graduate programs in the top 25 in the nation (in comparison to all public and private schools).

Iowa City is consistently voted one of the best places to live in the country. It's where small town hospitality meets big city amenities, where friendly meets adventurous. It's a place where everyone's welcome. We are committed to recruiting and retaining the most talented and diverse faculty and staff, which involves providing opportunities for employees to "Build-a-Career and Build-a-Life" in the Iowa City area.

Education Requirements:

- Earned doctorate in nursing or a doctorate in a related field
- Demonstrated expertise in a defined area of nursing

Required Qualifications consistent with desired rank:

- Recognized record of accomplishment via publication in leading journals
- Ability to establish or maintain an extramurally-funded research program
- Licensed Registered Nurse and eligible for licensure in the state of Iowa

Preferred Qualifications:

- Graduate degree in nursing from an accredited school of nursing
- Experience or combined education and experience in teaching at the undergraduate or graduate level in nursing or a health-related field
- Formal post-doctoral research training

Application materials include a letter describing relevant experiences and interests; current curriculum vitae; and contact information for three references (contacted only with permission). To apply, visit Requisition #74314 at <https://jobs.uiowa.edu>.

The college is committed to promoting diversity and inclusion in achieving our education, research, service and practice missions, as demonstrated through our [Pillars of Diversity](#).
