Clinical Experience

MOAS UKRAINE | JUN 2022-AUG 2022

Critical Care Medic

- Performed critical care medical evacuation and field hospital care for patients with burns, barotrauma, gunshot wounds, and explosive and artillery injuries.
- Managed airways and transport ventilators for unstable ICU pediatric and adult trauma patients
- Triageed patients using mass casualty incidence criteria and Tactical Combat Casualty Care guidelines
- Managed and organized pharmacy and equipment supply room, dispensed medications and supplies to interdisciplinary med-evac crews.

UNIVERSITY OF IOWA HEALTH CARE |DEC 2017- APR 2022, NOV 2022- PRESENT

Staff Nurse, Level 1 Trauma Center, 860 inpatient beds.

- Managed nursing care for burn patients throughout the lifespan at the ICU, intermediate, ambulatory, and outpatient level on a 17-bed burn specialty unit.
- Triageed, resuscitated, stabilized, and managed acute burn injuries from fires, explosions, and polytraumas.
- Coordinated and organized staff during mass casualty incidents and multi-victim accidents.
- Performed specialty care for burns, necrotizing fasciitis, pressure sores, and other complex wounds.
- Cared for surgical and neurosurgical overflow ICU patients during 2020-2021 Covid-19 surges.
- Leadership: precepted student nurses and new graduate nurses while preparing them for independent practice; charge nurse role.
- Specialties:
 - Five years of experience in the Burn ICU & Burn/Trauma Intermediate Unit
 - One year experience on the Neuropsychiatry Inpatient Unit caring for individuals with schizophrenia, bipolar disorder, and other acute mental health crises.

NURSE | CENTRE MEDICALE DE GAMBOULA | 2015-2017

Critical Access Hospital in the Central African Republic, 50 beds.

- Cared for diverse patient populations at a critical access hospital in rural Africa in internal medicine, pediatrics, and as a circulator in the operating room.
- Coordinated health outreach with community leaders, non-governmental organizations, and public health workers.
- Developed grassroots public health programs and initiatives with patients and their families to promote health, reduce disease burden, and reduce costs.

Teaching Experience

UNIVERSITY OF IOWA COLLEGE OF NURSING

Graduate Teaching Assistant | Aug 2022-Dec-2022

Faculty Lecturer | Jan 2023- Present

- Supervise students in patient assessment, safe medication administration, and nursing care of patients throughout the lifespan.
- Parent Child Nursing Practicum: Supervise BSN students in the care of infants and children with complex acute and chronic respiratory and cardiovascular conditions.
- Mental Health Nursing Practicum: Supervise BSN students in a locked psychiatric unit, maintaining safety with patients in acute psychotic states.
- Senior Nursing Internship Seminar: Guide students in goal setting and navigating their internship environment, implement site visits and evaluate student performance, speak, or invite guest speakers on selected topics in nursing such as patient safety and culturally sensitive care.

KIRKWOOD COMMUNITY COLLEGE SCHOOL OF NURSING

Adjunct Instructor | Jan 2019-Present

- Foundations of Nursing I: Educate and coach students in clinical skills in the laboratory setting such as urethral catheter insertion, wound care, and medication administration.
- Advanced Concepts in Mental Health Clinical: Deliver a safe, comprehensive introduction to the care of the acute psychiatric patient as a regular instructor for the lab and practicum, supervising students on multiple locked psychiatric units.

CENTRE MEDICALE DE GAMBOULA, CENTRAL AFRICAN REPUBLIC

Instructor, Nursing Program | Feb 2016-Oct 2017

- Developed written curriculum as well as presentation and testing material in French for multiple professors.
- Instructed diploma-level nursing students in the lab, clinical, and classroom setting.
- Designed programs to teach hands-on coursework or clinical simulations with limited resources.
- Maintained regular office hours each week in the school library for student tutoring.
