Testimony Before Governmental and Regulatory Agencies

- 2017 ^A Congressional Briefing for the American Association of Colleges of Nursing, presentation *Role of Nursing Research in the Midst of the Opioid Crisis* Washington, D.C. December.
- 2011 REMS CO*RE development group. Co-wrote the Curriculum for REMS education for prescribers that coincided with the FDA recommendations for implementing Risk Evaluation and Mitigation Strategies education. The goal was to provide education of prescribers making prescription opioids more safe and effective for the management of pain. Chicago, IL. I was representing the Nurse Practitioner Healthcare Foundation.
- 2011 Testify before the Institute of Medicine Committee on Advancing Pain Research, Care and Education. The 2010 Patient Protection and Affordable Care Act required the Department of Health and Human Services to enlist the IOM in examining pain as a public health problem. The IOM appointed this committee on Advancing Pain Research, Care and Education. I testified before this committee on Feb, 2011, on the need for addressing pain and addiction and the role of the Nurse Practitioner in prevention, research, care, and education. Afterward, a report was created by the committee offering a blueprint for action in transforming prevention, care, education, and research with the goal of providing relief for people with pain in American. This committee released a significant and impactful publication entitled *Relieving Pain in America*, and on page 201 my testimony is referenced and a white paper I co-authored (Arnstein and St. Marie, 2010, p. 4) is also referenced and quoted.
- 2011 REMS Summit: Impact on Primary Care Prescribers. June 11, 2011 participant in a panel for developing Core Curriculum items in anticipation of the FDA pushing forward Risk Evaluation and Mitigation Strategies education requirements for prescribers of opioids for the management of pain.
- 2010 Testify before the FDA Advisory Panel: Members of the Anesthetic and Life Support Drugs Advisory Committee and the Drug Safety and Risk Management Advisory Committee, Washington, D.C. October 22, 2010. My testimony exposed the seriousness of prescription drug abuse, the need for abuse deterrent formulation of opioids, and recommended ways of communicating benefits of abuse deterrent formulations in patients with opioid use disorder.
- 2010 REMS Summit: Impact on Primary Care Prescribers, Chicago, Illinois. Represented the Nurse Practitioner Healthcare Foundation. July.
